The Need to Expand or Move

- Remodel
- Build New
- Move and Renovate

Building History

Station House was built in 1934 on the north side of the harbor entrance to replace an earlier Life Saving Station that had been built on the south side.

Maintained and updated by the Coast Guard for 70 years.

Abandoned by Coast Guard in 2004 when a new station was built just west of the original station.

Life Saving Station, Frankfort, Mich.

C-2596 COAST GUARD STATION
FRANKFORT Mich.

Working with the City

Building Transfer to City

Lease with the City
